1. Introduction

Aspire Academies Trust recognises that internet, mobile and digital technologies provide positive opportunities for children and young people to learn, socialise and play but they also need to understand the challenges and risks. The digital world is an amazing place, but with few rules. It is vast and fast moving and young people's future economic success may be partly dependent on their online skills and reputation. We are, therefore, committed to ensuring that all pupils, staff, governors, trustees and members will be supported to use internet, mobile and digital technologies safely. This is part of our safeguarding responsibility. Staff are aware that some pupils may require additional support or teaching, including reminders, prompts and further explanation to reinforce their knowledge and understanding of online safety issues.

We are also committed to ensuring that all those who work with children and young people, including their parents/carers, are informed about the ever-changing risks so that they can take an active part in helping children and young people navigate the online world safely and confidently. This policy takes into account changes in GDPR requirements under the General Data Protection Regulation (GDPR) and the Data Protection Act 2018 (DPA 2018).

2. Responsibilities

The CEO and trustees have ultimate responsibility to ensure that appropriate online safety policy and practice is embedded and monitored. Day to day responsibility is delegated to the Principal.

All breaches of this policy must be reported to the Data Protection Officer via email DPO@aspireacademies.org.uk.

All breaches of this policy that may have put a child at risk must also be reported to the DSL.

Organisations that are renting space from the school and are a totally separate organisation should have and follow their own online safety policy and acceptable use agreements. However, if the organisation has any access to the school network, cloud based services and/or equipment then they must adhere to the school's online safety procedures and acceptable use agreements.

If the organisation is operating in school time or when pupils are on site in the care of the school, then the safeguarding of pupils is paramount and the organisation must adhere to the school's online safety procedures and acceptable use agreements.

3. Scope of policy

The policy applies to:

- pupils
- parents/carers
- teaching and support staff
- Academy governors, trustees and members
- peripatetic teachers/coaches, supply teachers, student teachers
- visitors
- volunteers
- voluntary, statutory or community organisations using the Academies facilities

Aspire Academies Trust also works with partners and other providers to ensure that pupils who receive part of their education off site or who are on a school trip or residential are safe online.

Aspire Academies Trust provides online safety information for parents/carers, for example through the website, in newsletters and at events. It is important that parents/carers understand their key role in supporting their child/ren to behave appropriately and keep themselves safe online.

This policy, supported by its acceptable use agreements, is intended to protect the interests and safety of the whole Trust community. It is linked to the following other Aspire Academies Trust policies and documents: safeguarding, Keeping Children Safe in Education, GDPR Data Protection Policy, health and safety, home-school agreement, home learning, PSHCE/RE, behaviour and anti-bullying.

4. Policy and procedure

Aspire Academies Trust seeks to ensure that internet, mobile and digital technologies are used effectively and safely, for their intended educational purpose, in ways that will not infringe legal requirements or create unnecessary risk.

The Trust expects everyone to use internet, mobile and digital technologies responsibly and strictly according to the conditions set out in this policy. This policy also includes expectations on appropriate online behaviour and use of technology outside of Aspire Academies Trust for pupils, parents/carers, staff and governors and all other visitors to the school.

Use of email

Staff and governors, trustees and members should use an Academy email account or Governor Hub for all official communication to ensure everyone is protected through the traceability of communication. Under no circumstances should staff contact pupils, parents or conduct any school business using a personal email address. Pupils should use school approved accounts on their school system for educational purposes. Where required parent/carer permission will be obtained for the pupil account to exist. For advice on emailing, sharing personal or confidential information or the need to gain parent permission refer to the GDPR Data Protection Policy. Emails created or received as part of any school role will be subject to disclosure in response to a request for information under the Freedom of Information Act 2000.

Staff, governors and pupils should not open emails or attachments from suspect sources and should report their receipt to Con-ed (technical support contractor).

Users must not send emails which are offensive, embarrassing or upsetting to anyone (i.e. cyberbullying).

Visiting online sites and downloading

- Staff must preview sites, software and apps before their use in the school or before recommending them to pupils. Before using any online service that requires user accounts to be created or the sharing of any personal data, staff must consult with the Data Protection Officer with details of the site/service and seek approval from a senior leader. The Terms and Conditions of the service should be read and adhered to and parent/carer permission sought where required. If internet research is set for homework, specific sites will be suggested that have previously been checked by the teacher. All users must observe copyright of materials from electronic sources.
- Staff must only use pre-approved systems if creating blogs, wikis or other online areas in order to communicate with pupils/ families.

- When working with pupils searching for images should be done through Google Safe Search (standard through the HICS service), Google Advanced Search or a similar application that provides greater safety than a standard search engine.

Users must not:

Visit internet sites, make, post, download, upload or pass on, material, remarks, proposals or comments that contain or relate to:

- Indecent images of children actually or apparently under the age of 18 or images of child abuse (i.e. images of children, digital or cartoons, involved in sexual activity or posed to be sexually provocative)
- Indecent images of vulnerable people over the age of 18 (i.e. images of vulnerable people, digital or cartoons involved in sexual activity or posed to be sexually provocative)
- Adult material that breaches the Obscene Publications Act in the UK
- Promote or participate in any act of online sexual violence or harassment
- Promoting discrimination of any kind in relation to the protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race or ethnicity, religion or belief, sex, sexual orientation
- Promoting hatred against any individual or group from the protected characteristics above
- Promoting illegal acts including physical or sexual abuse of children or adults, violence, bomb making, drug and alcohol abuse and software piracy
- Any material that may bring the Academy or any individual within it into disrepute e.g. promotion of violence, gambling, libel and disrespect

Users must not:

- Reveal or publicise confidential or proprietary information
- Intentionally interfere with the normal operation of the internet connection, including the propagation of computer viruses
- Transmit unsolicited commercial or advertising material either to other users, or to organisations connected to other networks except where permission has been given to the Academy
- Use the school hardware and Wi-Fi facilities for running a private business
- Intimidate, threaten or cause harm to others
- Access or interfere in any way with other users' accounts
- Use software or hardware that has been prohibited by the Trust

Only a school device may be used to conduct business outside of school. The only exception would be where a closed, monitorable system has been set up by the school for use on a personal device. Such a system would ensure the user was not saving files locally to their own device and breaching data security. A monitorable system would be one such as LARA/RDS. Through LARA, any school documents accessed on a personal device are never actually on the computer being used, they remain on the school server. When the user logs out of LARA/RDS, there are no copies left on their own device.

All breaches of prohibited behaviours detailed above will be investigated, where appropriate, in liaison with the police.

The Trust recognises that in certain planned curricular activities, access to controversial and/or offensive online content may be beneficial for educational use. In such circumstances, there is an expectation that access is pre-planned, risk assessed and recorded, and permission given by the Principal.

Storage of Images

Photographs, videos and Audio Recordings provide valuable evidence of pupils' achievement and progress in a variety of contexts and can be used to celebrate the work of the school. In line with GDPR they are used only with the written consent of parents/carers which is secured in the first instance on a child's entry to the school. Records are kept on file and consent can be changed by parents/carers at any time. (See GDPR Policy for greater clarification).

Photographs, Audio Recordings and images of pupils are only stored on the school agreed secure networks which include some cloud based services. Rights of access to stored images are restricted to approved staff as determined by the principal. Staff and pupils may have temporary access to photographs taken during a class session, but these will be transferred/deleted promptly.

Parents/carers should note that there may be some children who are at risk and must not have their image put online and others who do not want their image online. For these reasons, parents/carers must follow the Acceptable Use Agreement and refrain from taking or posting online photographs of any member of the school community, other than their own child/ren.

Staff and other professionals working with pupils, must only use school equipment to record images of pupils whether on or off site. Permission to use images of all staff who work at the school is sought on induction and a written record is located in the personnel file.

Use of personal mobile devices (including phones)

The school allows staff, including temporary and peripatetic staff, and visitors to use personal mobile phones and devices only in designated areas (staff room and school offices) and never in the presence of pupils. Under no circumstance does the school allow a member of staff to contact a pupil or parent/carer using their personal device.

Parents/carers are asked to refrain from using personal mobile phones and devices when they enter the school unless otherwise informed, e.g. for specific events and activities. Under no circumstance should images be taken at any time on school premises or on off-site school events and activities of anyone other than their own child, unless there is a pre-specified permission from the Principal. When a parent/carer is on school premises, their phone/s must be switched off and out of sight.

There is no need for pupils to bring personal mobile devices/phones to school. However, in exceptional circumstances permission may be sought in writing from the Principal. In such circumstances devices must be handed into the school office where they will be signed in and out.

The Trust is not responsible for the loss, damage or theft on Aspire Academies Trust premises of any personal mobile device.

Users bringing personal devices into school must ensure there is no inappropriate or illegal content on the device.

New technological devices

New personal technological devices may offer opportunities for teaching and learning. However, the school must consider educational benefit and carry out risk assessment before use in school is allowed. Parents/carers, pupils and staff should not assume that new technological devices will be allowed within the school and should check with the Data Protection Officer before they are brought onto site.

Reporting incidents, abuse and inappropriate material

There may be occasions when either a pupil or an adult receives an offensive, abusive or inappropriate message or accidentally accesses upsetting or abusive material. When such a situation occurs the pupil or adult must report the incident immediately to the first available member of staff, the DSL or the Principal. Where such an incident may lead to significant harm, safeguarding procedures should be followed. Aspire Academies Trust takes the reporting of such incidents seriously and where judged necessary, the DSL will refer details to social care or the police.

5. Curriculum

Online safety is fully embedded within our curriculum. Aspire Academies Trust provides a comprehensive age appropriate curriculum for online safety which enables pupils to become informed, safe and responsible. This includes teaching to prevent radicalisation, for which staff provide a narrative to counter extremism. The PSHE curriculum, Relationships and Health curriculum are central in supporting the delivery of online safety education. The curriculum is reviewed annually for effectiveness.

The curriculum is flexible and can respond to any immediate online safety issues and risks as they emerge.

It is necessary for pupils to develop skills of critical awareness, digital resilience and good online citizenship to enable them to use internet, mobile and digital technologies safely and responsibly. Pupils are taught to recognise the creative, collaborative, cultural, economic and educational opportunities provided by the internet, mobile and digital technologies. Curriculum work will also include areas such as:

- Understanding how to use the internet, mobile and digital technologies in a balanced and appropriate way to avoid negative impact on wellbeing, e.g. regulated screen time and diverse online activity
- Learning how to develop a positive online reputation and enhance future opportunities e.g. in relationships and employment
- Developing critical thinking skills and the confidence to challenge and question what they see and read in relation to online content e.g. recognising fake news and extremism, understanding commercial manipulation, maintaining an authentic sense of self that is resilient to online pressure, learning how easy it is to lie online (i.e. users may not be who they say they are and may have ulterior motives)
- Understanding the dangers of giving out personal details online (e.g. full name, address, mobile/home phone numbers, Academy details, IM/email address) and the importance of maintaining maximum privacy online
- Thinking carefully before placing images online and considering their appropriateness and understanding the importance of gaining consent before posting photographs of others
- Understanding the permanency of all online postings and conversations
- Understanding relevant legislation, including copyright, and the importance of respecting other people's information, reputation and images
- Understanding the importance of online respect and what constitutes cyberbullying, how to avoid it, the impact it has and how to access help.
- How the law can help protect against online risks and abuse

6. Staff and Governor Training

Staff and governors are trained to fulfil their roles in online safety. Aspire Academies Trust audits the training needs of all staff and provides regular training to improve their knowledge and expertise in the safe and appropriate use of internet, mobile and digital technologies. This training is recorded as part of safeguarding records. Training needs are reviewed annually for effectiveness.

New staff are provided with a copy of the online safety policy and must sign the Aspire Academies Trust Acceptable Use Agreement as part of their induction and before having contact with pupils. New staff as part of their induction are also required to complete e-safety training via Smartlog or as part of their Safeguarding Training

Any organisation working with children based on the school premises are also provided with a copy of the online safety policy and required to sign the Acceptable Use Agreement (Appendix B).

Peripatetic staff, student teachers and regular visitors are provided with a copy of the online safety policy and are required to sign the Acceptable Use Agreement (Appendix B).

Guidance is provided for occasional visitors, volunteers and parent/carer helpers (Appendix E).

7. Working in Partnership with Parents/Carers

Aspire Academies Trust works closely with families to help ensure that children can use internet, mobile and digital technologies safely and responsibly both at home and in school. The support of the parents/carers is essential to implement the online safety policy effectively and help keep children safe. It is important that parents/carers understand the crucial role they play in this process. The Trust seeks to regularly consult and discuss online safety with parents/carers and seeks to promote a wide understanding of the benefits of new technologies and associated risks. The Trust provides regular updated online safety information through the Academy website and by other means.

Parents/carers are asked on an annual basis to read, discuss and co-sign with each child the Acceptable Use Agreement. A summary of key parent/carer responsibilities will also be provided and is available in Appendix F. The Acceptable Use Agreement explains the Academies expectations and pupil and parent/carer responsibilities.

8. Records, monitoring and review

Aspire Academies Trust recognises the need to record online safety incidents and to monitor and review policies and procedures regularly in order to ensure they are effective and that the risks to pupils and staff are minimised.

All breaches of this policy must be reported and all reported incidents will be logged. All staff have the individual responsibility to ensure that incidents have been correctly recorded, acted upon and reported.

Aspire Academies Trust supports pupils and staff who have been affected by a policy breach. Where there is inappropriate or illegal use of internet, mobile and digital technologies, this will be dealt with under the Trust behaviour and disciplinary policies as appropriate. Breaches may also lead to criminal or civil proceedings.

Termly checks are carried out by staff to trigger alerts to ensure appropriate filters are in place to prevent access to inappropriate content online for both staff and pupils.

An annual Online Safety Review is carried out to monitor how effective our online safety provision is. This includes, curriculum, acceptable use and filters and a review of any breaches of this policy.

Trustees receive termly summary data on recorded online safety incidents for monitoring purposes. In addition trustees ensure they have sufficient, quality information to enable them to make a judgement about the fitness for purpose of this policy on an annual basis.

9. Appendices of the Online Safety Policy

- a) Online safety acceptable use agreements for staff and governors, trustees and members
- b) Online safety acceptable use agreements for peripatetic staff
- c) Requirements for visitors, volunteers and parent/carers working in the Academy
- d) Online safety acceptable use agreements for pupils – primary
- e) Online safety policy guide for parents/carers. How to support your child and the Academy community
- f) Guidance on cyberbullying incidents for staff, governors, parents and pupils
- g) Guidance on negative comments on social media by parents, pupils, governors and staff
- h) Online safety incident reporting form
- i) Online safety incident record for staff completion
- j) Online safety incident log
- k) Safeguarding and remote learning during Coronavirus (Covid-19) Appendix A -Online Safety Acceptable Use Agreement - Staff* and Governors, Trustees and Members *including student teachers (on placement or on staff)

Appendix A - Online Safety Acceptable Use Agreement for staff, Governors, Trustees and Members

You must read this agreement in conjunction with the online safety policy and the GDPR policy. Once you have read these, you must sign and submit this agreement and it will be kept on record in the Academy. You should retain your own copy for reference. This forms part of your professional and safeguarding responsibilities.

Internet, mobile and digital technologies are part of our daily working life and this agreement is designed to ensure that all staff and governors are aware of their responsibilities in relation to their use. All staff and governors are expected to adhere to this agreement and to the online safety policy. Any concerns or clarification should be discussed with the Principal. Breaches will be investigated, recorded and, where appropriate, disciplinary procedures will apply and police involvement will be sought.

Internet Access

I will not access or attempt to access any sites that contain any of the following: child abuse; pornography; discrimination of any kind; promotion of prejudice against any group; promotion of illegal acts; any other information which may be illegal or offensive. Inadvertent access on Academy equipment must be treated as an online safety incident, reported to the online safety lead and/or DSL and an incident report completed.

Online conduct

I will ensure that my online activity, both in and outside school, will not bring the Trust, school, my professional reputation, or that of others, into disrepute.

I will not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory. Exceptionally, use of controversial material as part of the curriculum should be planned and approved on every occasion (see policy).

I will report any accidental access to or receipt of inappropriate materials or filtering breach to The DPO at DPO@aspireacademies.or.uk

I understand that all my use of the internet and other related technologies can be traced and monitored and, should it be required, must be made available to my line manager, Principal and others as required.

I will not give out my personal contact and online account information such as phone numbers, email address, and social media account details to pupils and/or parents/carers.

Social networking

I understand the need to separate my professional role from my private friendships; in my professional capacity I will not become 'friends' with parents/carers or pupils on social networks. Where my Academy role is my only connection to an individual, private online contact is unacceptable with parents/carers or pupils.

When using social networking for personal use I will ensure my settings are not public. My private account postings will never undermine or disparage the Academy, its staff, governors, parents/carers or pupils. Privileged information must remain confidential.

I will not upload any material about or references to the Trust, school or its community on my personal social networks.

Passwords

I understand that there is no occasion when a password should be shared with a pupil or anyone who is not a staff member.

Data protection

I will follow requirements for data protection as outlined in the GDPR Data Protection Policy. These include:

- Photographs must be kept securely and used appropriately, whether in school, taken off the school premises or accessed remotely
- Personal data can only be taken out of school or accessed remotely when authorised by the Principal or Local Advisory Body.
- Personal or sensitive data taken off site must be encrypted
- USB devices are not to be used at any time to remove personal data from site. Images and videos

I will only upload images or videos of staff, pupils or parents/carers onto Trust approved sites where specific permission has been granted.

I will not take images, sound recordings or videos of school events or activities on any personal device.

Use of email

I will use my Academy email address or governor hub for all school business. All such correspondence must be kept professional and is open to Subject Access Requests under the Freedom of Information Act. I will not use my school email addresses or governor hub for personal matters or non-Academy business.

I will not forward emails to my personal email account.

Use of personal devices

I understand that as a member of staff I should at no time put myself in a position where a safeguarding allegation can be made against me as a result of my use of personal devices. I understand that the use of personal devices in school is at the discretion of the Principal.

I will only use approved personal devices in designated areas and never in front of pupils.

I will not access secure school information from personal devices when in school or any other location unless a closed, monitorable system has been set up by the school. Such a system would ensure as the user I was not saving files locally to my own device and breaching data security.

A monitoring system would be one such as LARA/RDS. Through LARA/RDS any school documents accessed on a personal device are never actually on the computer being used, they remain on the school server. When the user logs out of LARA/RDS there are no copies left on their own device.

Additional hardware/software

I will not install any hardware or software on school equipment without permission of the Principal.

Promoting online safety

I understand that online safety is the responsibility of all staff and governors and I will promote positive online safety messages at all times including when setting homework or providing pastoral support.

I understand that it is my duty to support a whole Trust safeguarding approach and will report any inappropriate or concerning behaviour (of other staff, governors, visitors, pupils or parents/carers) to the DSL.

Classroom management of internet access

I will pre-check for appropriateness all internet sites used in the classroom; this will include the acceptability of other material visible, however briefly, on the site. I will not free-surf the internet in front of pupils. I will also check the appropriateness of any suggested sites suggested for home learning.

If I am using the internet to teach about controversial issues I will secure, on every occasion, approval in advance for the material I plan to use.

Video conferencing

I will only use the conferencing tools that have been identified and risk assessed by the school leadership DPO and DSP. A school owned device should be used when running video conferences, where possible.

User signature

I agree to follow this Acceptable Use Agreement and to support online safety throughout Aspire Academies Trust. I understand this forms part of the terms and conditions set out in my contract of employment (staff members only) and/or my responsibilities as a governor.

Academy name:.....

Online safety lead:.....

Designated Safeguarding Lead (DSL):.....

This agreement forms part of your professional and safeguarding responsibility in the Academy. You must read and sign this agreement. This will be kept on record and you should retain your own copy for reference.

Internet, mobile and digital technologies are part of our daily working life and this agreement is designed to ensure that all staff and governors are aware of their responsibilities in relation to their use. You are expected to adhere to this agreement. Any concerns or clarification should be discussed with the Principal. Breaches will be investigated, recorded and, where appropriate, disciplinary procedures will apply and police involvement will be sought.

The Trust online safety policy will provide further detailed information as required.

Internet Access

I will not access or attempt to access any sites that contain any of the following: child abuse; pornography; discrimination of any kind; promotion of prejudice against any group; promotion of illegal acts; any other information which may be illegal or offensive. Inadvertent access on Academy equipment must be treated as an online safety incident, reported to the online safety lead and/or DSL and an incident report completed.

Online conduct

I will ensure that my online activity, both in and outside school, will not bring the Trust, school, my professional reputation, or that of others, into disrepute.

I will not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory. Exceptionally, use of controversial material as part of the curriculum should be planned and approved on every occasion.

I will report any accidental access to or receipt of inappropriate materials or filtering breach to the DPO at DPO@aspireacademies.org.uk.

I understand that all my use of the internet and other related technologies can be traced and monitored and, should it be required, must be made available to my line manager, Principal and others as required.

I will not give out my personal contact and online account information such as phone numbers, email address, and social media account details to pupils and/or parents/carers.

Should I need to share my professional details, such as mobile phone number or email address, with parent/carers, this must be agreed in advance as an acceptable approach with the Principal.

Social networking

I understand the need to separate my professional role from my private friendships; in my professional capacity I will not become 'friends' with parents/carers or pupils on social networks. Where my Academy role is my only connection to an individual, private online contact is unacceptable with parents/carers or pupils.

In my professional role in the Trust, I will never engage in 1-1 exchanges with pupils or parent/carers on personal social network sites.

My private account postings will never undermine or disparage the Trust, its staff, governors, parents/carers or pupils. Privileged information known as a result of my work at Aspire Academies Trust must remain confidential.

I will not upload any material about or references to the Trust, school, or its community on my personal social networks.

Passwords

I must clarify what access I may have to the internet and/or school systems. If I have access of any kind, I understand that there is no occasion when a password should be shared with a pupil or anyone who is not a staff member.

Data protection

I will follow all requirements for data protection explained to me by Aspire Academies Trust. These include:

- I must consult with the school before making any recordings, photographs and videos. Once agreed, these must be made on a school device.
- I understand that there are strict controls and requirements regarding the collection and use of personal data. I will follow all requirements regarding GDPR.

Images and videos

I will only upload images or videos of staff, pupils or parents/carers onto Trust approved sites where specific permission has been granted.

I will not take images, sound recordings or videos of tuition or wider school activities on any personal device. School devices can be used for this purpose or, in the case of 1:1 tuition, pupil's or parent/carer devices can be used, with parent/carer agreement.

Internet, mobile and digital technologies provide helpful recording functions but these cannot be made on a teacher's personal device. Recordings can be made with the child's and parent/carer's agreement on an Academy device, an organisational device approved by the principal/DSL, or a young person's or parent/carer's own device.

Use of Email

I will use my professional or formal student email address for all school business. All such correspondence should be kept professional and is open to Subject Access Requests under the Freedom of Information Act. I will not use my professional email addresses for personal matters.

Use of personal devices

I understand that when working in the school I should at no time put myself in a position where a safeguarding allegation can be made against me as a result of my use of personal devices. I understand that the use of personal devices in school is at the discretion of the principal.

I will only use approved personal devices in designated areas and never in front of pupils. This therefore precludes use of specialist apps on personal devices. School devices could be used to access specialist apps that support pupil learning. Pupils can also be encouraged, but not required, to access such apps on their own devices if allowed by the school and with parent/carer agreement.

Additional hardware/software

I will not install any hardware or software on Academy equipment without permission of the Principal.

Promoting online safety

I understand that online safety is part of my responsibility and I will promote positive online safety messages at all times, including when setting homework, rehearsal or skill practice or when providing pastoral support.

I understand that it is my duty to support a whole Trust safeguarding approach and will report any behaviour (of staff, governors, visitors, pupils or parents/carers) which I believe may be inappropriate or concerning in any way to the DSL.

Classroom management of internet access

I will pre-check for appropriateness all internet sites used in the classroom; this will include the acceptability of other material visible, however briefly, on the site. I will not free-surf the internet in front of pupils.

If I am using the internet to teach about controversial issues I will secure, on every occasion, approval in advance for the material I plan to use.

Video conferencing

I will only use the conferencing tools that have been identified and risk assessed by the school leadership DPO and DSP. A school owned device should be used when running video conferences, where possible.

Online safety lead

DSL

This document is designed to ensure that you are aware of your responsibilities when using any form of IT in the Academy and other aspects of safeguarding in connection with online safety.

Please raise any safeguarding concerns arising from your visit immediately with the Principal and/or DSL

- I understand I may only use my personal mobile phone(s) and other devices with camera functions in designated areas. When not in a designated area, phones must be switched off and out of sight. Any exception must be pre-arranged.
- I will not take images, sound recording or videos of school events or activities, on or off site, on any device. Any possible exception must be pre-arranged.
- I will not give out my personal details such as mobile phone number, email address, and social media account details to pupils and parent/carers. Where appropriate I may share my professional contact details with parents/carers provided the DSL or Principal is informed before I leave the school.
- I understand my visit to the school may give me access to privileged information about pupils, staff, Academy systems and plans. Such information should never be shared online, including on social media sites.
- I understand I should not use school equipment to access the internet without prior approval from my contact in the school or the Principal.
- If working in the classroom, I will pre-check for appropriateness all internet sites I intend to use including checking the acceptability of other material visible on the site. I will not free-surf the internet in front of pupils. If I am in any doubt about the appropriateness of the content I plan to use I will check with my contact in the school.

Role

Appendix D - Online Safety Acceptable Use Agreement Primary Pupils

My online safety rules

- I will only use Academy IT equipment for activities agreed by school staff.
- I will not use my personal email address or other personal accounts in school when doing school work.
- I will not sign up for any online service on school devices unless this is an agreed part of a school project approved by my teacher and agreed by my parent/carer.
- I will only open email attachments if it has been approved by a member of staff in school or a parent/carer out of school.
- In school I will only open or delete my files when told by a member of staff.
- I will not tell anyone other than my parents/carers my passwords. I will not use other people's usernames or passwords to pretend to be them online.
- I will make sure that all online contact I make is responsible, polite and sensible. I will be kind and respectful at all times.
- If I come across anything upsetting, unpleasant or nasty, or anything that makes me feel unsafe, I will tell my teacher or my parent/carer immediately.
- If someone says, asks or posts about me anything upsetting, unpleasant or nasty, or anything that makes me feel unsafe, I will not reply. I will tell my teacher or my parent/carer immediately.
- I will not give out my own or other people's personal information, including: name, phone number, home address, interests, school or clubs. I will tell my teacher or parent/carer if anyone asks me online for personal information.
- Uploading or sending my image (photographs, videos, live streaming) online puts me at risk. I will always seek permission from my teacher or parent/carer if I wish to do this. I will not take, share or upload any image of anyone else without their permission and also, if they are a child, without their parent's/carer's permission.
- Even if I have permission, I will not upload any images, videos, sounds or words that could upset, now or in the future, any member of the school community, as this is cyberbullying.
- I understand that some people on the internet are not who they say they are and some people are not safe to be in contact with. I will not arrange to meet someone I only know on the internet. If someone asks to meet me, I will not reply to them and I will tell a teacher or a parent/carer immediately.
- I understand that everything I do or receive online can be traced now and in the future. I know it is important to build a good online reputation.
- I understand that some personal devices are allowed in school and some are not, and I will follow the rules. I will not assume that new devices can be brought into school without getting permission.
- I understand my behaviour in the virtual classroom should mirror that in the physical classroom
- I will not lie about my age in order to access games, apps or social networks that are for older people as this will put me at risk.
- I understand that these rules are designed to keep me safe now and in the future. If I break the rules my teachers will look into it and may need to take action.

Dear Parent/Carer,

The internet, email, mobile technologies and online resources have become an important part of learning and life. We want all children to be safe and responsible when using any IT. It is essential that children are aware of online risk, know how to stay safe and know where to go to report problems or to get help.

Please read through these online safety rules with your child/ren and talk with them to ensure they understand their importance and what it means for them (and for you). When you have done this, you both need to sign this agreement to say that you agree to follow the rules. Any concerns or explanation can be discussed with the Principal.

Please return the signed sections of this form which will be kept on record at the Academy.

Pupil agreement

Pupil name..... Class.....

This agreement is to keep me safe. I have discussed this agreement with my parents/carers and understand the commitment I have made and my responsibilities.

(KS1 and KS2 pupils please write their name below, Early years' pupils may write their name if parents feel this is appropriate if not please leave blank).

Pupil signature.....

Parent(s)/Carer(s) agreement

Parent(s)/Carer(s) name(s).....

I/we have discussed this agreement, which highlights the associated risks when accessing the internet, mobile and digital technologies, with our child/ren. I/we agree to support them in following the terms of this agreement.

I/we also agree not to share school related information or images online or post material that may bring the school or any individual within it into disrepute.

(Rather than posting negative material online, any parent, distressed or concerned about an aspect of school should make immediate contact with a member of staff. Negative postings about the school would impact on the reputation of the whole school community. Parents are encouraged to report breaches so that we can protect the reputation of the Trust, school, staff, pupils and parents).

I/we also agree only to use personal mobile phones and devices in designated areas of the school unless otherwise informed, e.g. for specific events and activities. I/we understand that under no circumstance should images be taken at any time on school premises of anyone other than our own child/ren, unless there is a pre-specified agreement. I/we understand that when on school premises, but not in a designated area where phones can be used, they must be switched off and out of sight.

Parent(s)/Carer(s) agreement

Parent(s)/Carer(s) name(s).....

Parent/carer signature.....

Appendix E - Online safety policy guide - Summary of key parent/carers responsibilities

The Academy provides online safety information for parents/carers, through the website, in newsletters and at events. It is important that parents/carers understand their key role in supporting children to behave appropriately and keep themselves safe online.

The online safety policy, supported by its acceptable use agreements, is intended to protect the interests and safety of the whole Academy community.

- Parents/carers are required to support their child in understanding and signing the Online Safety Acceptable Use Agreement for pupils.
- Parents/carers may only use personal mobile phones and devices in designated areas of the school unless otherwise informed, e.g. for specific events and activities. Under no circumstance should images be taken at any time on school premises that include anyone other than their own child, unless there is a pre-specified agreement with individuals and parents/carers. When a parent/carers is on school premises but not in a designated area, their phone/s must be switched off and out of sight.
- Parents/carers should not assume that pupils can bring technological devices to school and should always check the school policy.
- All cyberbullying incidents affecting children in the school should be reported immediately. (If the incident involves an indecent image of a child the report must also be made immediately to the police for your own protection.) The school will investigate and respond to all reported cyberbullying incidents, liaising with others where appropriate. No reply should ever be sent to the sender/poster of cyberbullying content. If applicable block the sender and report abuse to the site. Evidence should be retained and shown in school and/or to the police. Evidence should not be forwarded.
- The school may choose to set up social media sites, blogs or have some other online presence in its own name. Parents/carers, however, do not have the right to set up any site, page, chat group or any other online presence that uses the Trust or school name or logo in any form.
- Any parent/carers, distressed or concerned about an aspect of school should make immediate contact with a member of staff rather than posting their concerns online. Parents/carers should not share school related information or images online or post material that may bring the school or any individual within it into disrepute. Negative postings about the school would impact on the reputation of the whole school community. Parents/carers are encouraged to report breaches so that we can protect the reputation of the Trust, school, staff, pupils and parents/carers.

Please see the full online safety policy in the policies section on the school website.

Appendix F - Guidance on the process for responding to cyberbullying incidents

All cyberbullying incidents should be reported and responded to. Where the perpetrator is a member of the school community the majority of cases can be dealt with through mediation and/or disciplinary processes.

The following procedures are recommended:

- Never reply to the sender/poster of cyberbullying content. If applicable, block the sender.
- Incidents should be reported immediately. Pupils should report to a member of staff (e.g. class teacher, principal) and staff members should seek support from their line manager or a senior member of staff.
- The person reporting the cyberbullying should save the evidence and record the time and date. This evidence must not be forwarded but must be available to show at a meeting. Under no circumstances should indecent images of children and young people be printed or forwarded as this is a further criminal act. Staff should not ask to see the evidence of reported indecent images of children or young people but must refer this immediately to the police. Any member of staff being shown such evidence should immediately inform their line manager or the Principal so that the circumstances can be recorded.
- A senior member of staff will meet with the person who has reported the incident and the target, if different, to listen, reassure and support. All relevant facts will be reviewed and documented.
- A senior member of staff will conduct an investigation.
- Anyone found to have cyberbullied will have attention drawn to the seriousness of their behaviour and if necessary the police will be involved. If the comments are threatening, abusive, sexist, of a sexual nature, constitute a hate crime or are libellous they may well break the law. Online harassment and stalking is also a crime.
- Once evidence has been secured then the person who has cyberbullied will be requested to remove the offending comments/material. Any refusal will lead to an escalation of sanctions.

Appendix G - Guidance for staff on preventing and responding to negative comments on social media

The Academy should make it clear which, if any, social media platforms are used to communicate with parents/carers. If used correctly, parents can use a school social media site as a source of reliable information. The online safety policy, see especially Appendix E (Online safety policy guide - Summary of key parent/carer responsibilities), clarifies that no other social media platforms should be set up using the Trust or school name or logo.

The school should regularly reinforce with all parties that discussion of school issues on social media platforms, either positive or negative, should not take place as this could bring the school into disrepute and affect families and children. Parents should be encouraged to be good online role models and not post statements written in anger or frustration. Identified routes to raise concerns directly with the school should be used.

If negative comments are posted:

☑ Collect the facts

As soon as you become aware of adverse comments relating to the school you need to establish what is being said. It is essential that if you have access to the postings they are secured and retained together with any other evidence. Do not become engaged in responding directly.

If the allegations against a member of staff or a pupil are of a serious nature, these will need to be formally investigated. This may involve the police and the Principal will need to follow the school's safeguarding procedures.

If there is a risk of serious damage to the Trust or school reputation or the reputation of individual members of staff, professional legal advice should be sought.

Adverse comments of any kind are highly demotivating and cause stress and anxiety. It is important that the senior staff reassure and support all staff and/or other affected members of the school community.

- Addressing negative comments and complaints

Contact the complainants and invite them to a meeting. In the meeting, make sure you have any evidence available.

The meeting must:

- Draw attention to the seriousness and impact of the actions/postings;
- Ask for the offending remarks to be removed;
- Explore the complainant's grievance;
- Agree next steps;

- Clarify the correct complaints procedures.

If the meeting does not resolve the issue, the parents must be informed that the Trust or school will need to take the matter further. This may include:

- Reporting the matter to the social network site if it breaches their rules or breaks the law;
- Reporting the matter to the police if it breaks the law, e.g. if the comments are threatening, abusive, malicious, sexist, of a sexual nature, constitute a hate crime or are libellous they may well break the law. Online harassment and stalking is also a crime.

If inappropriate postings continue or the original material is not removed, a second meeting is advisable to re-iterate the seriousness of the matter.

Appendix H - Online safety incident reporting form

Any member of the school community can raise a concern about an online safety incident. If you have witnessed or experienced an incident, please complete the form below to help us to address the issue. It is important that you provide as much detail as possible. Once completed please hand this report to the Principal.

Name of person reporting incident:			
Signature:			
Date you are completing this form:			
Where did the incident take place:	Inside school?	<input type="checkbox"/>	Outside school?
Date of incident(s):			
Time of incident(s):			

Who was involved in the incident(s)?	Full names and/or contact details
Children/young people	
Staff member(s)	
Parent(s)/carer(s)	
Other, please specify	

Type of incident(s) (indicate as many as apply)

Accessing age inappropriate websites, apps and social media		Accessing someone else's account without permission	
Forwarding/spreading chain messages or threatening material		Posting images without permission of all involved	
Online bullying or harassment (cyber bullying)		Posting material that will bring an individual or the school into disrepute	
Racist, sexist, homophobic, religious or other hate material		Online gambling	
Sexting/Child abuse images		Deliberately bypassing security	
Grooming		Hacking or spreading viruses	
Accessing, sharing or creating pornographic images and media		Accessing and/or sharing terrorist material	
Accessing, sharing or creating violent images and media		Drug/bomb making material	
Creating an account in someone else's name to bring them into disrepute		Breaching copyright regulations	
Other breach of acceptable use agreement, please specify			

Full description of the incident	What, when, where, how?
Name all social media involved	Specify: Twitter, Facebook, Whatsapp, Snapchat, Instagram etc
Evidence of the incident	Specify any evidence available but do not attach.

Thank you for completing and submitting this form.

Appendix I - Online safety incident record

Name of person reporting incident:			
Date of report:			
Where did the incident take place:	Inside school?		Outside school?
Date of incident(s):			
Time of incident(s):			

Who was involved in the incident(s)?	Full names and/or contact details
Children/young person	
Staff member(s)	
Parent(s)/carer(s)	
Other, please specify	

Type of incident(s) (indicate as many as apply)			
Accessing age inappropriate websites, apps and social media		Accessing someone else's account without permission	
Forwarding/spreading chain messages or threatening material		Posting images without permission of all involved	

Online bullying or harassment (cyberbullying)		Posting material that will bring an individual or the Academy into disrepute	
Racist, sexist, homophobic, religious or other hate material		Online gambling	
Sexting/Child abuse images		Deliberately bypassing security	
Grooming		Hacking or spreading viruses	
Accessing, sharing or creating pornographic images and media		Accessing and/or sharing terrorist material	
Accessing, sharing or creating violent images and media		Drug/bomb making material	
Creating an account in someone else's name to bring them into disrepute		Breaching copyright regulations	
Other breach of Acceptable Use Agreement			
Other, please specify			

Full description of the incident	What, when, where, how?
----------------------------------	-------------------------

Name all social media involved	Specify: Twitter, Facebook, Whatsapp, Snapchat, Instagram etc
Evidence of the incident	Specify any evidence provided but do not attach

Immediate action taken following the reported incident:	
Incident reported to online safety Coordinator/DSL/ DSP/Principal	
Safeguarding advice sought, please specify	
Referral made to HCC Safeguarding	
Incident reported to police and/or CEOP	
Online safety policy to be reviewed/amended	
Parent(s)/carer(s) informed please specify	
Incident reported to social networking site	

Other actions e.g. warnings, sanctions, debrief and support	
Response in the wider community e.g. letters, newsletter item, assembly, curriculum delivery	

Brief summary of incident, investigation and outcome (for monitoring purposes)	
--	--

Appendix J - Online safety incident log

Summary details of ALL online safety incidents will be recorded on this form by the online safety coordinator or other designated member of staff. This incident log will be monitored at least termly and information reported to SLT and governors.

Date & time	Name of pupil or staff member Indicate target (T) or offender (O)	Nature of incident(s)	Details of incident (including evidence)	Outcome including action taken
